Mainstreaming Sustainable Development in Carbon Markets

IETA/ICAP Pavilion webinar, 12 November 2020, 1.45 - 2.45 PM (CET)

Welcome and introductions

Karen Holm Olsen, UNEP DTU Partnership

The Sustainable Development Initiative (SDI) for Art. 6 aims at promoting strong provisions on sustainable development in the rulebook of Art. 6. The initiative is a collaboration between UNEP DTU Partnership and the Gold Standard Foundation launched in 2017 and supported by Belgium, Finland, Germany, Norway and Sweden in 2020.

Views stated are those of the presenters and do not represent any consensus among the Parties involved.

Objective of the Sustainable Development Initiative (SDI)

“A Party driven dialogue with the aim to help overcome knowledge and political barriers for Parties to promote sustainable development through voluntary cooperation under Article 6”

SDI workstreams 2020

WS 1 - Party Driven Dialogue

Roundtable discussions

Article 6 text recommendations

Knowledge sharing from testing & piloting (WS 2)

WS 2 - Piloting of SD approaches

Agreement for Article 6 pilot and preliminary review of pilot design

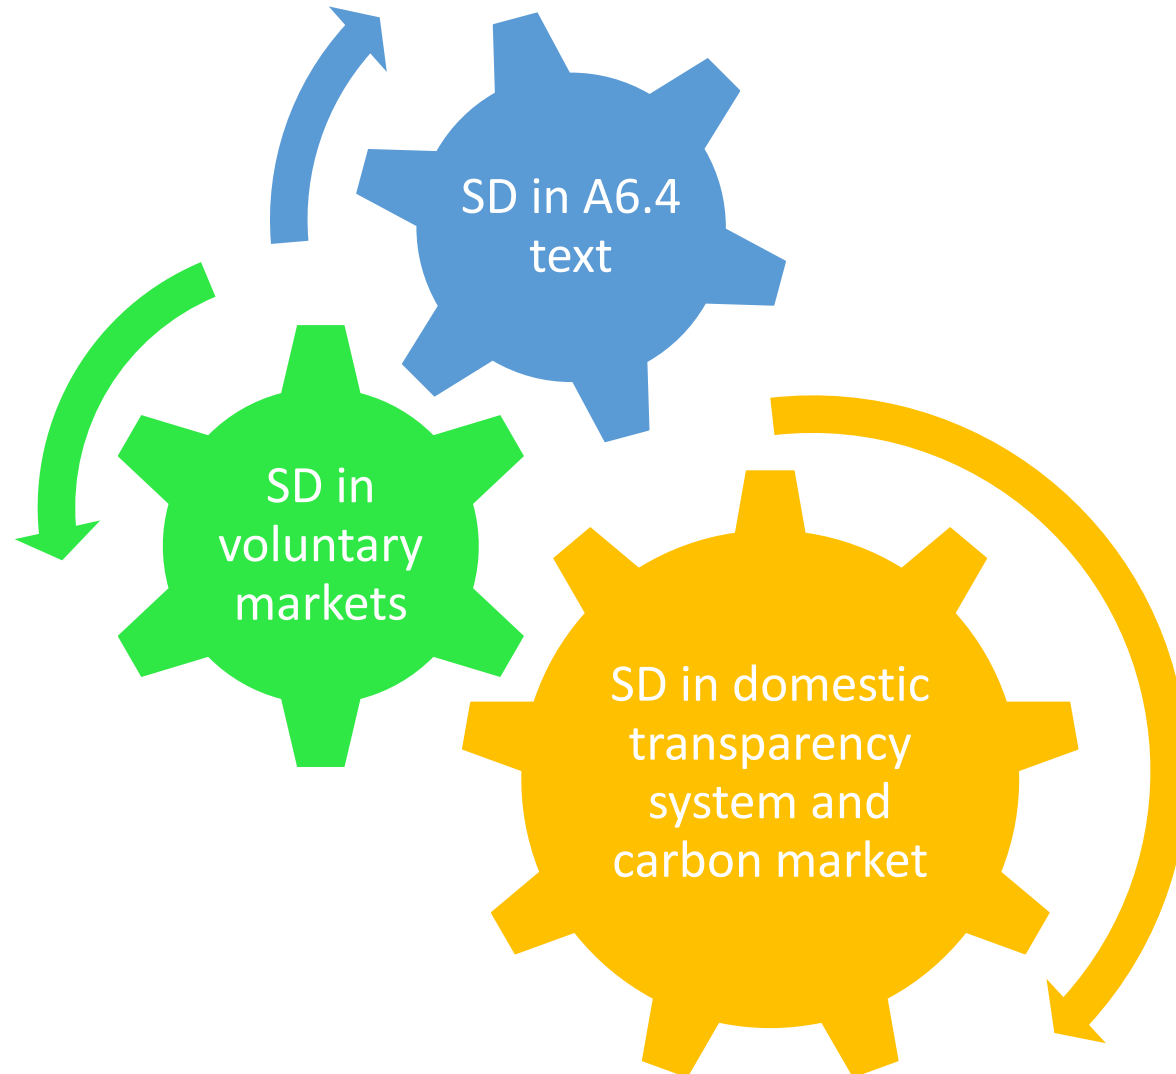

Capacity building and SD roadmap, production of knowledge products

WS 3 - Outreach & strategic partnerships

Interviews with Parties and partners at relevant events

Partnership building for a community of practice

Mainstreaming Sustainable Development in Carbon Markets

Three presentations:

1. Top-down, A6.4 text negotiations perspective
2. Bottom-up, voluntary market perspective
3. National, transparency and market perspective

Issues and questions for discussion:

- how SD is being mainstreamed in all spheres
- SD tools and good practice in pilots and registry systems
