WORK EXPERIENCE

Youth Negotiators Academy

Part-time - Online

Advanced Training Manager

May 2023 – July 2024

- Designed and implemented advanced training programs for 75 young climate negotiators, focusing on negotiation techniques, policy analysis, and strategic planning.
- Facilitated workshops and training sessions at international conferences, including specialized tracks on AI in climate negotiation and futures foresight.
- Developed curriculum and educational materials to enhance the capacity of young leaders in international climate policy and negotiations.
- Collaborated with global experts and institutions to provide comprehensive training experiences and ensure the highest standards of education and engagement.

Tunisian Ministry of Environment

Part-Time - Tunis, Tunisia

Climate Change Policy Consultant and Lead Negotiator in Climate Finance

July 2021 – March 2024

- Led the negotiations on behalf of Tunisia at COP26, COP27, COP28, SB56, and SB58 on climate finance (NCQG and Long-Term Finance), Loss and Damage, and Action for Climate Empowerment ensuring Tunisia's interests were represented and advocating for equitable solutions.
- Orchestrated campaigns to foster youth engagement in climate negotiations, collaborating closely with public sector entities to ensure inclusive participation and representation.
- Conducted policy-driven data analysis in partnership with public sector counterparts, leveraging environmental data to inform evidence-based policymaking processes and enhance Tunisia's climate resilience.

Mohamed Walid Jomni

16, El Yammama Street Djerba, Tunisia
+21699904935 | Jomniwalid@gmail.com

- Worked alongside public sector agencies to implement the Paris Climate Agreement within national policy frameworks, reinforcing environmental governance and commitment to climate action.

UNESCO YoU-CAN Steering Committee

Finance Coordinator

Online

July 2023 – Ongoing

- Followed UNESO projects aimed at scaling up climate action efforts, with a particular emphasis on youth-driven initiatives such as Youth Future Labs.
- Organized and facilitated two training sessions at the Conference of Youth (COY18) on Futures and Foresight in Policy Making, aimed at empowering young leaders with the skills and knowledge needed to integrate forward-thinking approaches into policy development processes.
- Developed digital strategies and employing digital tools to optimize financial operations in climate initiatives, leveraging technology to streamline processes and maximize impact.
- Elevating UNESCO's influence in climate change through innovative financial and digital strategies, contributing to more effective and sustainable operations and promoting meaningful youth engagement in climate action.

UNDP Regional Bureau for Arab States

Innovation Analyst Intern in Strategic Innovation

Tunis, Tunisia

December 2021 – May 2022

- Conducted extensive research on emerging trends in social and environmental innovation, with a focus on the application of digital technologies and data analytics. This involved producing detailed reports on the potential of digital solutions in quantifying and reporting energy and emissions, aligning with strategies to mitigate carbon emissions.
- Compiled and communicated best practices, success stories, case studies, and pilot models, particularly those highlighting innovative methods in environmental impact assessment and innovation policies. This role required the ability to distill complex environmental and digital data into clear, actionable insights.

US-Middle East Partnership Initiative (MEPI)

Mentor in Green Entrepreneurship

Tunis, Tunisia

July 2022 – August 2022

- Facilitated the development of Student Leaders' Community Engagement Projects with a focus on green entrepreneurship, demonstrating strong leadership and mentoring skills. This involved guiding students in project conceptualization and execution, emphasizing sustainability and innovation.
- Played a key role in enhancing peer-to-peer in-country and cross-country relationships and networks among Student Leaders.
- Actively engaged with Student Leaders outside of formal class settings to support the timely development of their CEP projects. This required adaptability and effective time management, ensuring projects aligned with set deadlines and objectives.

UNDP Tunisia -Accelerator Lab/ Innovation and SDGs Integration

SDGs Integration and Innovation Analyst Intern

Tunis, Tunisia

October 2020-Mai 2021

- Spearheaded the creation of impactful documents pertaining to the team's groundbreaking work on Sustainable Development Goals and the progress of development in Tunisia.
- Managed operational plans, budgets, implementation schedules, identified bottlenecks, and reported on resource utilization, ensuring maximum efficiency and impact.

Mohamed Walid Jomni

16, El Yammama Street Djerba, Tunisia
+21699904935 | Jomniwalid@gmail.com

- Supported initiatives in exploring and implementing cutting-edge financial technologies and solutions aimed at optimizing resource allocation in climate action projects.
- Managed relationships with diverse stakeholders including NGOs, government bodies, and private sector entities. This role involved coordinating efforts and aligning interests in multi-stakeholder projects.

PERSONAL EXPERIENCES / AWARDS

Stockholm+50 Youth Taskforce

Stockholm, Sweden

Young delegate

May 2022-June 2022

- Played a pivotal role in documenting and contributing to the global discussions surrounding Stockholm+50, influencing developments at the national, regional, and global levels.
- Compiled a comprehensive report and delivered valuable recommendations based on the experiences of youth in Sweden. The report contained insights gathered from participating in over 15 forums and discussions.

Equipping Youth Peacemakers

Online

Fellow

February 2020-July 2021

- Engaged in a series of online events around several themes as youth employment, gender parity, community empowerment, and sustainable cities and will be the right place to build skills for evidence-based change to promote the SDGs. The program was fully funded by the Ministry of Foreign Affairs of Netherlands

UNDP Youth Futures Fellowship

Online

Fellow

November 2020-January 2021

- Obtained tools for navigating uncertainty in a complex world and learn about systems-thinking and futures thinking.
- Developed leadership skills and abilities to build participatory processes and become part of the UNDP Youth Futures Fellows community.

Falling Walls Foundation

Berlin, Germany

Lab participant Alumnus

November 2019

- Participated in the prestigious Falling Walls Lab, an international platform that showcases the brightest minds and groundbreaking ideas from around the world. The lab serves as a catalyst for connecting visionary scientists and entrepreneurs across diverse fields.

AIESEC

Fez, Morocco

Global Volunteer Internship

June 2018-July 2018

- Wrote blogs, take photos, shoot videos & manage our social media campaigns.
- Assisted in creating a social media buzz on different social media channels.
